Dear Continuing Education Student:

**RE: CLINICAL PRE-PLACEMENT HEALTH FORM REQUIREMENTS**

Congratulations on your acceptance into the program! As you read in our Continuing Education Calendar under program description; there are medical health forms, CPR Certificate, mask fit test and vulnerable sector police check requirements that you mandatory need to complete and submit to ParaMed prior to the **deadline specified by your Academic Coordinator**.

George Brown College developed this policy to meet the requirements of our placement agency partners such as hospitals, school boards and other health care institutions. This process is very important to ensure that you are free from and protected against communicable and infectious disease and to protect the health and safety of the patients, visitors, employees, and other vulnerable people that you will be working with at the placement setting.

You must start the health form and vulnerable sector police check requirements immediately as it will take **10 to 12 weeks** to complete. Please carefully read through all of the important health form documents attached, and see the **"Important to Follow Sheet"** for further instructions in how you can successfully complete your health form.

Once all of your mandatory health form and additional requirements have been met, you must complete the **"My Health Form Checklist"** to make sure you have everything done before you book an appointment with ParaMed on their website at [www.georgebrownhealth.ca](http://www.georgebrownhealth.ca)

George Brown College has retained the services of Registered Nurses through ParaMed Extendicare. ParaMed provides a counseling service that reviews the confidential Clinical Pre-placement Health Form and supporting documents for all of our Community Services and Health Sciences (CSHS) students. This ensures they are cleared from the academic program requirements and eligible to attend clinical or field placement. The costs associated to complete all the health form requirements and Paramed services fees are to be borne by the student.

If you fail to submit all of your health form documents to ParaMed **prior to the deadline**, you will be **excluded from being eligible** to attend placement and it may jeopardize your eligibility to continue into the program.

Should you have any questions or would like to book an appointment, please do not hesitate to contact Suzette Martinuzzi, Clinical Pre-placement Coordinator at (416) 415-5000 ext. 3415 or via email [coffice@georgebrown.ca](mailto:coffice@georgebrown.ca) . The Clinical Pre-placement Office is located at 200 King St. East, Building "A", Room 401B, 4<sup>th</sup> Floor, St. James Campus. Hours of operation: 8:00 am to 3:30 pm. By appointment only

Thank you.

**IMPORTANT STEPS TO FOLLOW**

**You MUST complete these STEPS in this order and start the process immediately, since it will take you 10 to 12 weeks to complete. Failure to complete and submit this health form by the due date, will exclude you to be eligible for placement.**

- Step 9**- Make a photocopy of ALL your forms/documentation, otherwise ParaMed will charge you a **\$3.00 dollars photocopy fee**.
