This process is necessary to ensure that our students protect their health and safety, and the health and safety of patients, children, seniors, employees and other vulnerable people. The completion of this information is not optional, and all sections must be completed as outlined. Our placement agency partners have the right to refuse students who have not met their immunization standards. If, for medical reasons, your patient is unable to receive a required immunization or Chest X-ray, a medical note of this exclusion must be provided on the form.
